

Summer Task for new Year 12 Art students

- Visit <https://www.artpedagogy.com/couch-to-artist-task3.html> and complete the activities detailed there.

This task consists of two key prompts for you to respond to:

1. A series of photographs that incorporate a chosen and prepared coloured shape.
2. An artwork in response to/inspired by the photographs you take. This might be a drawing, painting, collage, sculpture, performance ... whatever appeals to you. The challenge here is not to simply copy one or more of your images, but to creatively develop and 'play' with this on your own terms, in/with a style/media that interests and appeals to you.

Good luck and we look forward to seeing your responses!

Any queries email fs@st-peters.bournemouth.sch.uk

In addition, the Threshold Concept resources on artpedagogy.com are essential reads for your A level preparations. Please do invest time with these.
