

Mr. Downes

jds@st-peters.bournemouth.sch.uk

Careers Manager:

I have the role of Careers Co-ordinator for Year 7-11 at St Peter's School. Please do not hesitate to contact me if you require help or guidance with careers planning for your child or if you have any feedback about how we can offer further support with Careers, Education, Advice, Information and Guidance.

We also welcome parents who would like to contribute to our careers programme by offering insights into particular career paths and occupations.

I look forward to working alongside you to ensure your child is fully prepared to make the most of the opportunities available for their future career.

Next *Future Insights* bulletin for Parents and Carers: Spring Term 2017.

Investors in Careers

Following the exciting news that St Peter's School has achieved Stage 2 of the Investor in Careers award, the school is

now moving towards gaining the full award in 2017. This is another demonstration of St Peter's commitment to impartial and independent careers education and advice to all our students.

All students have received a presentation early in the academic year explaining their full entitlement to Careers Education over their years at St Peter's.

Welcome to the Christmas edition of our Future Insights bulletin. The bulletin is designed to provide information regarding the content and nature of Careers Education, Advice, Information and Guidance at St. Peter's School, as well as giving you ideas as to how to support your child's careers planning at home.

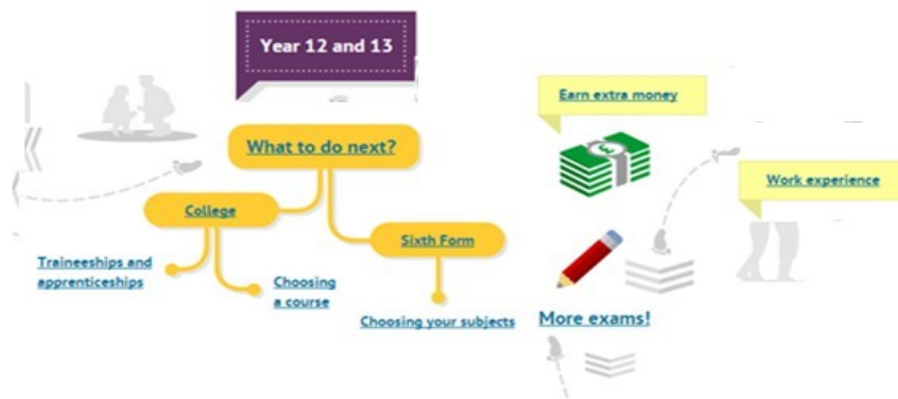

I was very pleased to see so many Year 11 students attending our Careers Fair in November. Many exhibitors commented on how engaged the students were and remarked on the quality of their questions. Please see the full report of the event in this term's school newsletter. The Careers Desk was also kept very busy throughout the Year 11 Parents Evening.

It is essential for all Year 11 students to have clarified their post-16 plans in advance of sitting their GCSEs. Achieving this means that they can concentrate 100% on doing their very best in all their subjects without the distraction or uncertainty of an unsure career path.

Please encourage your child to use all the "Careers Toolbox" they have been introduced to over their years at St Peter's.

Next term, all Year 11 students will get the opportunity of a one-to-one interview to discuss their mock exam results, career plan and targets with an adult. Notes from these meetings will be sent to you in order to guide your support as we approach those final important months.

Reasons to choose St Peter's Sixth Form

- * Our results show a year on year improvement. This summer 22% of students got A or A* grades
- * **40% got AB grades and 64% got A to C grades**
- * Our target for next year is 70% A to C and 25% A grades.

Future

Check out www.plotr.co.uk

There are many Careers Education, Advice, Information and Guidance website and computer programmes available to assist students with planning their futures. They will get many opportunities to explore these over their time at St Peter's School, but I would like to take this opportunity to highlight two particular internet resources: Plotr and Advisor Online.

Your child will have been introduced to the Fast Tomato website in previous years. This year the focus is on PLOTR. This is one of the most popular online careers programmes for young people. It has helped millions of students explore the many different career opportunities open to them. It is used by hundreds of schools nationwide and is an accurate, relevant and easy to use resource.

Students will have the opportunity to visit PLOTR later this academic year, but you can access the programme at home using the log in information indicated above. Following the instruction to register, then either play the game to find a career

Students are also encouraged to use **Advisor Online**. This is a service provided by **Ansbury** who are the principal providers of expert, independent careers guidance for

Our dedicated Ansbury careers advisor is Mr Bob Ainsworth. Year 10 students may request a one-to-one interview with him throughout the academic year. He is also available in the Library on Tuesday and Wednesday breaktimes and in the Careers Office at lunchtimes on the same days to answer specific questions.

Why not give PLOTR or Advisor Online a try today? It's a great way to find out about different careers, assess interests, find out what qualifications can help and even what salary might be paid for a particular job.

Advisor Online
